

Interim Use Permit Guide

A guide for land use applications in the City of Ramsey

Created January, 2012

Revised March, 2016

Interim Use Basics

An interim use is a use, which because of certain characteristics, cannot be properly classified as a permitted use in the zoning district within which it is proposed. Interim Use Permits are designed to meet the problem that arises where certain uses, although generally compatible with the basic use classification of a particular zone, should not be permitted to locate as a matter of right in every area included within the zone because of hazards inherent in the use itself or special problems which its proposed location may represent.
